

Connect every mind in your company instantly, virtually, and socially.

TRY JIVE TODAY ▶

Until now, the potential of your best minds has been limited by silos, time zones or countries. Yesterday's technology can't meet today's demands for collaboration and creativity.

Demolish business-as-usual »

Now, there's a better way. Jive's social business software allows anyone from two to two hundred thousand minds to communicate, congregate, and create together instantly. Join the world's best and brightest companies in:

- Transforming the nature of teamwork.
- Reinventing your businesses for the new economy.
- Adding millions to your bottom line.

For unbelievable results, start connecting your team's minds in unimaginable ways.

START YOUR FREE 30 DAY TRIAL ▶

No downloads or installations required. In minutes, you can have your own private social network.

"It has really transformed the way we work. In the past we had things like SharePoint... now everyone is on Jive."

Thomas Kallstenius
Alcatel-Lucent

Jive combines powerful features of customer community software, collaboration software, social networking & social media monitoring into the leading social business solution.

325 Lytton Avenue, Suite 200, Palo Alto, CA 94301 | Sales: 1-503-972-6143 | General: 1-503-295-3700

Learn how leaders are transforming social collaboration.

jive the new way to do business

End Business As Usual in Minutes. Build a Social Business

Your team is a click away from becoming more productive. In minutes, your team can have its own private social network to connect, communicate and collaborate.

Demolish Business-as-usual.

The days of enterprise 1.0 are waning. The technologies of yesteryear are inadequate for today's intense demands on:

- Social, relevant collaboration
- Mobile, intuitive access to information
- Long-term value creation

Create a Social Business Today with Your Free 30-day Trial.
